NAVAL MILITIA

Minnesota's Naval Militia was the first of the "citizen soldiery" to be called from their quasi-civilian status for federal service in the World War. The men mobilized at their respective home stations on April 7, 1917, and shortly thereafter were ordered to proceed to an eastern port where they were assigned to various ships and at once began their duties which have kept them busy ever since.

Many of these men have seen service of the most strenuous character, according to reports which have reached the Adjutant General. Many of them reassigned to "sub-chasers" and on duty in all kinds of weather, will undoubtedly have exciting tales to tell on their return to civil life.

Not much was known about the Minnesota Naval Militia among the general public, before the war, but in view of the extremely large number of men from this state who have enlisted in the Navy, it is thought that there will be an awakening of interest when the men return.

The accompanying list of the personnel of the Naval Militia is admittedly not complete as the roster of the Seventh Division with headquarters at St. Paul was never received by the Adjutant General and despite the most strenuous endeavors to secure it, no success was achieved.

MINNESOTA HOME GUARD

Taking into Federal service of the Minnesota National Guard, consisting of three regiments of infantry and one regiment of field artillery, left the state without any purely military organization.

Minnesota being a producer of 16 per cent of the world's iron ore and 6 per cent of the world's supply of milled small grains, it was evident that military organizations should be provided.

On April 28, 1917, the Minnesota Commission of Public Safety authorized the establishment and maintenance of military organizations to be designated as Minnesota Home Guard. These men were to be utilized for any service necessitating the use of armed troops within the borders of Minnesota. Uniforms and equipment were to be furnished by the individual members and in case of call to active service, pay would not begin until five days after such active service had been rendered. The age limit was later made 18 years to 45 years.

At the time authorization was given for the organization of these military units public feeling was running high regarding the possibility of destruction of public utilities, bridges, mills and warehouses by pro-German sympathizers or enemy agents. The ranks of the Home Guard, so called, were rapidly filled with men who, for one reason or another, could not at that time offer their services to the United States. Rosy cheeked youngsters took their place in line along with grizzled business men in order to sign the enlistment blank for service in the Home Guard.

Order No. 3.

The Minnesota Commission of Public Safety finds and declares it necessary and proper for the public safety, for the protection of life and property, and as a matter of military expediency and necessity, and does hereby order:

1. That a Home Guard be enlisted, organized and maintained for service in the State of Minnesota to consist of such units as may hereafter be authorized by this Commission, and to be organized as now prescribed by law for similar units in the Minnesota National Guard; said force shall be known as "Home Guard of Minnesota";

2. The term of enlistment in said Home Guard of Minnesota shall be for the period of the present war and until peace shall be concluded between the United States and any and all foreign nations with which the United States is now or may hereafter be at war. The oath to be taken

by the enlisted men of said Home Guard of Minnesota shall be in the following form:

"I, born at..... in the State of..... on the..... day of..... A. D. 19...., by occupation..... do hereby acknowledge to have voluntarily enlisted this day of..... 1917, as a soldier in the Home Guard of Minnesota for the period of the present war and until peace shall be concluded between the United States and any and all foreign nations with which the United States is now or may hereafter be at war, unless sooner discharged by proper authority. And I do hereby solemnly swear that I will bear true faith and allegiance to the United States of America and to the State of Minnesota and that I will serve them honestly and faithfully against all their enemies, whomsoever, within the State of Minnesota, and that I will obey the orders of the Governor of the State of Minnesota and of the officers appointed over me according to law and the rules and regulations now or hereafter governing the Home Guard of Minnesota."

The officers of the Home Guard shall subscribe the following oath:

"I, having been appointed a..... in the Home Guard of Minnesota, do solemnly swear that I will support and defend the Constitution of the United States and the Constitution of the State of Minnesota against all enemies, foreign and domestic; that I will bear true faith and allegiance to the same; that I will obey the orders of the Governor of the State of Minnesota; that I make this obligation freely without any mental reservation or purpose of evasion, and that I will faithfully discharge the duties of my office in the Home Guard of Minnesota upon which I am about to enter; so help me God."

3. Only able-bodied men over the age of twenty-six (26) years shall be enlisted in the Home Guard of Minnesota. Any member of the Home Guard who is hereafter enlisted or commissioned in the Federal Service or in the Minnesota National Guard shall be entitled to an honorable discharge from the Home Guard.

4. No member of the Home Guard shall be entitled to any pay for his services, or any allowance of any character, except as follows:

A. Officers when on duty at any place other than their home station shall be entitled to the travel expense incurred and \$2.00 per day for subsistence.

B. Officers when held in continuous active service for a longer period than five days without an intervening leave of absence of equal duration, shall be entitled to receive \$2.00 per day for such service.

C. Enlisted men, performing detached service away from their home station, shall receive the travel expense actually incurred and \$1.00 per day for subsistence.

D. Enlisted men when held in continuous active service for a longer period than five days without an intervening furlough of equal duration, shall be entitled to receive the same per diem pay as is paid to enlisted men in the service of the United States.

5. The members of the Home Guard shall be subject to the disciplinary provisions of the Military Code in so far as they may be applicable to that organization.

6. The following units of the Home Guard are hereby authorized, and the governor is hereby requested to provide for the organization and enlistment thereof, namely:

Seven separate battalions to be stationed as the Governor may direct and in such subdivisions as he may deem proper and said number to be increased in the discretion of the Governor and upon his order. The Governor may, in his discretion, organize said units into regiments.

Dated at St. Paul, Minn., this 28th day of April, A. D. 1917.

J. A. A. BURNQUIST,
Governor and Ex-Officio Chairman of the Minnesota
Commission of Public Safety.

JOHN S. PARDEE,
Secretary of the Minnesota Commission of
Public Safety.

Unthinking people in the state for a time expressed themselves as being amused by the Home Guard. Two disasters of major importance have since its organization, occurred within Minnesota, and the speedy response as well as efficient work performed by the Home Guard, in connection with the National Guard, has silenced the ribald remarks of the unthinking.

Although the Home Guard is a military organization, it has been used in civilian capacities in its home locality for such
