ARE YOU A NEW STUDENT?

Where to start:

Taking the first steps towards starting classes can be an intimidating experience.

This guide will help walk you through the different programs and how /when you should apply for them.

Find a school:

Your first step is to figure out which school you are going to attend.

Once you have selected a school, work with the admissions office to enroll into your degree program.

Apply for FAFSA:

The best time to apply for your Free Application for Federal Student Aid (FAFSA) is when you have received your course schedule.

FAFSA can help to take advantage of grants, student loans and is also a requirement to use the MN GI Bill.

Talk to your VA Rep.

Receiving your course schedule also marks a good time to speak with your school's veteran's office and your school's VA Certifying Official and/or Higher Education Vets Program Coordinator.

They will counsel you on the education programs you qualify for and help select the best benefits package based on your service and goals.

They can also assist you in gathering documents for

your benefits applications.

Federal Tuition Assistance (FTA):

Visit ArmyIgnitED.com to create your account. Then, create your education path and register for classes. Your school will upload your registration to your account, and you can select which classes should be funded.

GI-Bill:

Chapter 1606, Chapter 30 and Chapter 33 GI Bill applications must be submitted to the VA through the va.gov website.

The VA takes about 1-2 months to approve applications so start early. Make sure your VA certifying official at the school is tracking you are a veteran using GI Bill benefits so they can process your verification of enrollment.

State Tuition Reimbursement:

In order to qualify for STR, you must be in good standing for the entire term. Your unit administrator is the point of contact for the STR program.

All STR applications must be submitted for payment no later than 90 days **AFTER** the end of the course.

NOTE: Use of FTA is mandatory to qualify for STR. There are exceptions, but don't be that person...

MINNESOTA GI Bill:

You should apply for the MN GI Bill before courses

start, but you may apply as late as the last day of the term.

Since MN GI Bill is a "last payer program" you need to apply for any other sources of funding (including the required FAFSA) before the MN GI Bill will provide funds.

Additional assistance:

Your unit full time staff remain the first line of effort in assisting you with your education needs, but we understand if they don't know all of the things.

Maybe your BN/MSC Retention NCO knows how to help, maybe not, but it wouldn't hurt to ask them.

If all else fails, reach out to the Education office with the following methods of contact; we'd be glad to assist!

FEDERAL TUITION ASSISTANCE (FTA)

Federal Tuition Assistance (FTA) deadlines for Spring Term 2024

Current Army Policy states that Soldiers must submit their Federal Tuition Assistance Requests between 60 and 8 days prior to the start of class.

Because of the Army's policy on dropping classes in ArmyIgnitED after the term start date, it is recommended that you submit each class on a separate request. If you choose to list each class on the same request, there are a few rules that you will need to follow.

If you have classes that start or end in the middle of the term, those classes should be listed on separate requests. The 60 to 8 day policy still applies. For example, if you have classes that start on March 12, do not submit them on the same request as the classes that start on January 16. When the 60 day window opens on January 12, you can submit the classes on a different request.

Additionally, if you have classes that end March 8, those classes should also be on a separate request.

Below are some of the common term start dates and the FTA submission deadlines for those terms.

University of Minnesota – Twin Cities: Term Start and End Dates

<u>Date</u>	<u>Description</u>	<u>FTA Deadline</u>
Tue, Jan 16, 2024	Start of spring full semester and first 7-week sessions	Mon, Jan 8, 2024
Tue, Mar 12, 2024	Start of spring second 7-week session	Mon, Mar 4, 2024

University of Minnesota – Duluth

<u>Date</u>	<u>Description</u>	<u>FTA Deadline</u>
Wed, Jan 10, 2024	First 5-week session classes begin	Tue, Jan 2, 2024
Wed, Jan 10, 2024	First half and full semester classes begin	Tue, Jan 2, 2024
Mon, Mar 11, 2024	Second half semester classes begin	Sun, Mar 3, 2024

Most school in the Minnesota State University system*

<u>Date</u>	<u>Description</u>	<u>FTA Deadline</u>
Mon, January 8	Start of Spring Term	Sun Dec 31, 2023
	Mid-term start**	

Do not wait to start this process! **FTA is now required to be eligible for STR.** If you have missed the 60 day window to apply for FTA, you may be eligible for a **one time** ETP through the MNNG education office.

If you have any questions about Federal Tuition Assistance, call 651-282-4589 or email us at: ng.mn.mnarnng.mbx.assets-education@army.mil

STATE TUITION REIMBURSEMENT

*****You MUST use FTA first (if eligible) in order to use STR*****

With Spring term underway, now is a great time to make sure you have current documents on file so you receive payment as quickly as possible:

TO QUALIFY FOR STR:

- You must submit the following forms and supporting documents to your unit staff no later than 90 days from the last official day of the course/term: Payment Request Form, Grade Report, and Final Fee statement provided by your school which clearly shows the amount of tuition charged.
- If you did not apply for or receive FTA, you must check "NO" on your payment request form and clearly state the reason why. Failure to do this will result in your payment request being returned for corrections.

THINGS TO REMEMBER:

- SM MUST have a passing/current HT/ WT, APFT/ACFT, ANG PT for the entire term to be eligible.
- STR will not fund a degree equal to, or less than, SM's current degree level. IE: If a Service member has a Master's degree, STR will not fund another Master's degree or anything lower.
- The undergraduate STR rate is up to 100% of University of Minnesota's undergraduate rate (\$557.55 per credit) with a max yearly benefit of \$18,000 (1 JUL - 30 JUN)
- The Graduate STR rate is up to 75% of University of Minnesota's graduate rate (\$1,194.75 per credit) with a max yearly benefit of \$28,000 (1 JUL—30 JUN)
- You will only receive reimbursement for grades of a "C" or better for undergraduate coursework or a "B" or better for graduate coursework.

"If you haven't heard, you must use FTA in order to qualify for STR. Most common exceptions are published in the current MN National Guard Circular 621-5-1."

STATE DIRECT DEPOSIT FORMS:

STR payments are made via direct deposit using MN State Direct Deposit form.

Check with your unit to make sure that we have your current banking information on file. If not, complete a State EFT Form (Annex D-1) with your unit admin ASAP.

The Education Service Officer (ESO) only requires the Direct Deposit & W-9 form on the initial STR submission. A new form is only necessary if there are changes in your bank or bank account information.
