Proceeds provide groceries for military families through our partnership with Beyond the Yellow Ribbon MN.

For a 6th year, help us raise \$75,000 to stretch the grocery budgets for 900 families of Minnesota military service members struggling with food insecurity. US service members and their families often experience unique challenges that make them more likely to face hunger.

Meals from the Heart has created a special grocery bag program featuring a variety of popular brands and grocery essentials for families to prepare nutritious meals.
